## Fledglings – A Parents' Guide

## Our philosophy

We work in partnership with parents to ensure every child is happy, contented and feels safe and secure in our setting.

We provide a nurturing environment where every child's curiosity is encouraged.

We encourage children to develop confidence, to think critically, and to persevere, through challenging and playful opportunities.

We employ staff who love working with our youngest children and demand excellence from themselves. They are sensitive and thoughtful practitioners who promote independence, resilience and a positive self image in each child.

## How will my child be cared for in Fledglings?

We pride ourselves on the high standards of care we provide for our Under two's. In both Fledglings' rooms we have an adult to child ratio of 1:3 and every child has both a primary and secondary Keyperson. The Keyperson takes responsibility for the child's personal care, liaises with parents and monitors developmental progress by completing a Learning Journey. Nappy changing, sleep arrangements and potty training (as appropriate) are planned to suit each individual child, in close consultation with parents.

## What is a Learning Journey?

A Learning Journey is a document showing each child's developmental progress, mainly through written observations and photographs. This information is used at weekly planning meetings to help devise a programme of stimulating activities relevant to each child. This document is always available for parents to view and will be given them when their child leaves the Nursery.

## How do children learn in Fledglings?

All children's learning at the Nursery follows the Early Years Foundation Stage Guidance (EYFS) which is the statutory play-based curriculum guiding the learning, development and care for children from birth to 5 years of age. The EYFS covers seven areas of learning, three Prime and four Specific. This enables us to provide a wide range of fun and stimulating activities in line with both the children's interests and their stage of development. In Fledglings we mainly focus on the three Prime areas of development. Then as the year and children develop, broader elements of learning are incorporated. The learning areas are as follows:

### Prime areas

#### **Personal Social Emotional Development:**

Making relationships, self confidence and self awareness, managing feelings and behaviour.

**Physical:** Moving and handling, health and self care.

**Communication and Language:** Listening and attention, understanding and speaking.

### Specific areas

**Literacy:** Reading and writing.

**Mathematics:** Numbers, shapes, space and measure.

**Expressive Arts and Design:** Exploring and using media and materials.

**Understanding the World:** People and communities, the world and technology.
