

The Nutshell

Hazelwood School

On Saturday, the Year 7 rugby team showed such grit and determination in the face of formidable opposition I could not have been more proud. With many missing the Tonbridge Festival due to other commitments and illness, it fell to the remaining warriors to fly the Hazelwood flag and to take on opposition that was bigger, more hirsute and more brutal. Our boys did not whimper and run for cover. They faced them like heroes, driving forwards and finding strength from a team spirit and camaraderie which turned them, on occasion, into GIANTS. The end result was, sadly, no tournament final but rather a 'medal' for valour and self-belief; an accolade far more precious and so well deserved. I am sure they will draw on their experience in many aspects of their Hazelwood life, starting with their first mock exams experience next week. I have every confidence that they will be equally formidable in their response to the questions asked of them in the examination hall.

The children of Year 4 set sail on their nautical adventure this week, performing the Pirates of the Curry Bean to packed audiences who thoroughly enjoyed the humour and the drama of the unfolding story on the high seas. Yet again, the level of performance belied the young actors' ages and there were many performances which were quite remarkable. The Year 4 teachers attempted to steal the show dressed as gorillas from the island of Lumbago. Alas however, their masterful herding of children on and off stage was nothing compared to the

Congratulations to the school's gymnasts who performed and represented Hazelwood well at last weekend's Regional Finals. Whilst things did not go altogether as planned, the younger squad returned home with a silver medal and some valuable competition experience.

clarity, confidence and charisma which many of the children displayed as the action followed the hunt for the long lost treasure. As ever there were some surprising stars of the show; individuals who took their moment to captivate and entertain, whether it be in a more prominent role or as a member of the ensemble. Those that took the opportunity to try out a piratical accent should receive particular praise with Barney's and Thomas' threatening tones proving most terrifying! At the age of nine years, to pick up a microphone, stare into a theatre of expectant faces and sing on time and in key, is quite a tall order. Yet in Lillian, Phoebe and Louis we found three individuals more than up to the challenge. Our three-cornered hats are raised in their honour. Talking of which Ollie wore his, as Admiral Hornhonker, with panache and pathos. He was as wet as the Atlantic Ocean but as perfect an upper class fop as you could wish for. A tour de force in one so young. The whole play was tremendous and everyone seemed to be enjoy playing their part in what was an ensemble triumph! I was delighted when the potentially cannibalistic Chief Wonga turned out to be no other than Pearl Periwinkle's long lost husband and pirate Captain. A fitting end to a special Thursday evening. Thank you Year 4.

And finally, this week, I cannot believe that we are nearing the end of the first half of the spring term; just four more action-packed days to go. Part of me is sad that time is flying by so quickly. Schooldays should be the best days of a young person's life so I do not wish them away so swiftly. However, with the return to school in the middle of February comes lighter evenings and the promise of warmer weather. I think the whole school community is in need of these.

It has been a dark and dank winter and when I look around the children's faces at assembly, I see many who look equally grey and who have given their all to life inside and outside of school. For them, ten days to recharge their batteries could not come soon enough. I hope that you, and they, use the time away from school well and that there will be early nights and lazy morning lie-ins worked into your half term schedule. The temptation is always to burn the candle at both ends. Sometimes it is best to snuff it out and to enjoy the stillness and the calm.

Mrs Greenwood is off for the next two weeks. We wish her well and hope that she is back on her two feet again very soon.

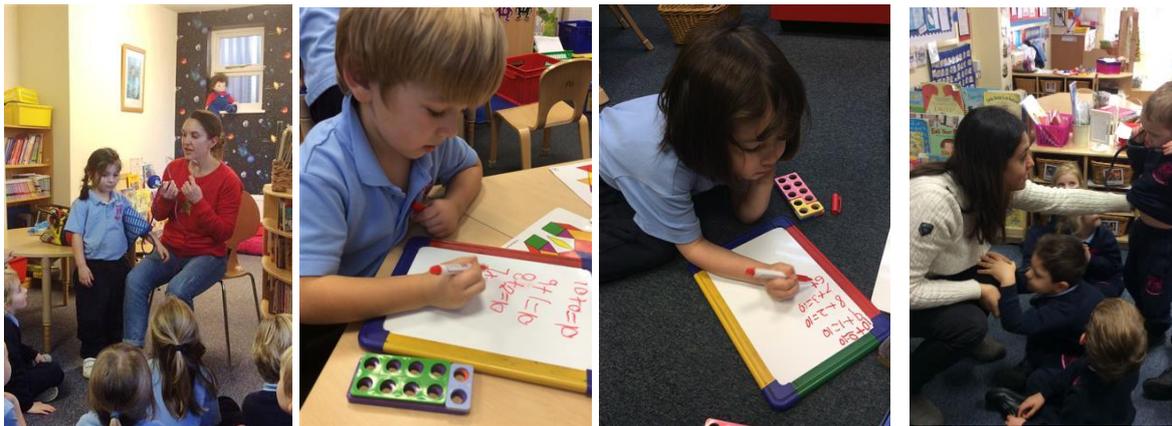

Bon Voyage to Mrs Phillimore and Mr Fotheringham who are travelling to Tanzania to meet with The Songwe District Executive Officer for Education and the Heads of the four village primary schools as we look to shape our African Schools Project. A Charity Concert is being staged on Sunday 25th March to raise funds for the programme and the Choirs are already busying themselves in rehearsals. Please put it in your diary and come along to support. More details will follow as to how you can get involved. Subject to local Tanzanian internet connections, we are hoping to have some initial photos for next week's Nutshell.

For a list of emails/letters/texts sent home each week please see the 'Notice Board' further down the Nutshell.

News from The Nursery & Early Years

As ever, the children at HNEY have had a full range of new experiences this week from dinosaur and pirate treasure hunting to exploring their senses and feelings or just simply squishing slime!

Feelings were the focus for Oak's learning this week. The children have discussed and written about a variety of feelings including happy, sad, worried, angry, shy and frightened. They also chose a feeling and created a clay face to illustrate this. We are very grateful to Mrs Bines and Mrs Maybrey who also visited this week to talk to the children about their jobs as doctors. Mrs Smith Chandler's class were very excited about their outing to Pizza Express. The children have also been focusing well on their number bonds up to ten.

Skylarks have been very busy with lots of dinosaur themed activities. They have used their fine motor skills in the clay, making dinosaur fossils and creating dinosaurs with the playdough and pasta. The children loved going on a dinosaur hunt in the garden using magnifying glasses and digging for 'phonic fossils' in the sandpit.

Top Robins have been looking at 'People who help us', using the bandages and sling and prodding staff with the syringes and stethoscopes as they think about the health services. Good use has been made of the new crash mats in the Andrae Hall to protect the children when using the balancing and climbing equipment. The children have really enjoyed our 'People who help us' topic and it will be extended further to cover firemen and life guards.

Lower Robins have continued their topic on the 'A Squash and a Squeeze' story and have re-enacted the story using puppets and explored sensory balloons to try and identify what is inside from a variety of different textured contents. We have also played shape recognition

games in the hall and used water pistols to squirt water on the initial chalked letters of our names whilst out in the garden.

This week in Fledglings 2 have been dressing up as pirates. They have made pirates hats; pink and black eye patches and lots of different treasure using pasta and paint. The children have been practising their fine motor skills to weave different coloured ribbons through basketwork fish.

The children in Fledglings 1 have had lots of fun this week exploring 3D slime paint, throwing and kicking balls in the garden and mixing up mash and pasta at the filling station!

News from Hazelwood

It all adds up to record-breaking performance

A number of our mathematicians took on the Primary Maths Challenge in November 2017. Aimed at pupils in Year 6, some of Year 5 also took the challenge along with more than 61,000 children nationally. With 20 multiple questions, followed by five challenging problems to solve, we are delighted to report our record-breaking results. 46 pupils achieved an award, even though the grade boundary was higher than November 2016. Year 5 pupils were particularly impressive; sitting it for the fun and the experience, 11 of them secured a certificate.

Can you solve this problem?

'I wish to make a list that includes the numbers 1 2 3 4 5 and 6 exactly once so that at least one pair of numbers next to each other in the list has a product that is a multiple of 6. How many different such lists can I make? (Answer next week)

Our Pythagorean congratulations go to:

Gold Award Winners

Oscar N, Yasser A, Jake C, Sebastian L, Isla M, Martin N. Camilla S

Silver Award Winners

Hannah B, Hugo CF, Ed J, Michael K, Jennifer M, William de VH, Lila D, James S, Karlijn R, Daniel S, Hope A, Connie D, Oliver H, Ralph L, Harry T, Oscar B, Jacob de W, Sierk E, Alex P and Harry W

Bronze Award Winners

Breya MS, Alice P, Imogen P and Freddie A.

You have all done incredibly well on a highly competitive, national mathematical stage!

Tonbridge School U10 Rugby Tournament

Wet and muddy in places but the pitches were in great condition for some fast running, exciting rugby. We opened up with a superb performance beating Yardley Court 2-0. A physical encounter saw us recover from conceding an early try to earn a well-deserved 1-1 draw with New Beacon. Northcote Lodge up next who were looking strong, they beat us 3-0, scoring some fantastic tries out wide. Shrewsbury house scored early in our next game and yet again the players dug in to earn a well-deserved 1-1 draw. Learning from our mistakes, we put in a complete performance beating St Michaels 5-0. We finished the tournament as strong as we started, holding on to beat another excellent side in Kings House 2-1.

The players have set themselves very high standards and were frustrated not to win every game. Sport doesn't always work out the way you planned or dreamed. It's how you react and learn from these moments that count. We reacted intelligently, showing courage to come back from being defeated and behind in games.

The standard of rugby was extremely high with the pace, physicality and skill displayed belying the players' size and age. I am extremely proud of the effort, behaviour, sportsmanship and style in which we play rugby. Back to a large squad working hard this week to improve and prepare for the national qualifiers at Hurst this coming Sunday.

Good luck to the U10 rugby boys at National Qualifiers

QUESTION FOR THE QUEUE

As we end the first month of 2018, I thought it would be interesting to know...

What New Year's Resolution have you kept up?

Not broken up any Lego toys!

Played with my brother more.

Walked the dog every day.

Spent more time reading before bed.

Practised my gymnastics more often.

Kept up with my Prep and not let it build up.

Get my bag ready for school the night before.

Listened to mum and dad more at home.

Practised my spellings every day.

Kept my bedroom tidy.

Drank more water.

Not eaten any CHOCOLATE for a month!
(I can't wait for February!)

~~Sepling~~
~~Speling~~
~~Spleing~~
~~Speling~~
Spelling

... and what about those resolutions that were too hard to keep up?

Not annoy my brother...

Making my bed every morning...

No chocolate before my birthday!!!

Brushing my hair before bed every night...

Reducing my screen time at the weekends...

Not biting my nails... (finger and toes!)

Well done to everyone who managed to keep their resolutions more than a week...

Mr Walton

(who ate chocolate on the 8th of January after trying to give it up for a month!)

Hazelwood swimmer races to silver!

Hannah R in Year 7 recently competed at the Sussex County Relay Championships, and managed to secure a silver medal in her U13 4x50m freestyle relay team! She got a personal best of 31.04 seconds for her 50m front crawl and swam a fantastic 2nd leg of the relay, entering the water in 5th position and handing over in 1st place. Well done Hannah!

A wonderful 6-3 victory for the U11B rugby, a result born out of a positive attitude, commitment, effort and playing as one, lending support to each other.

YOU ARE WHAT YOU EAT

We had an awesome time creating our Healthy Food Rap. We started by researching a food group and learning how it helps our bodies and minds develop and grow. The hardest part was finding the rhyming words, which linked to our particular food group. After practising and practising, we performed our rap while Mrs T videoed us on the green screen. We hope you learn fun facts from our food rap and to always be healthy!

Listen to 3T's rap in 3 easy steps:

1. Download a free QR code reader

Free QR Code Reade...

3. Enjoy

You are what you eat,
You eat what you are, If you eat the right
stuff, then you'll go far.

Little vegetables may seem weak,
But they're better than meat!
Cakes and biscuits are so sweet,
But only eat them as a treat!

You are what you eat,
You eat what you are,
If you eat the right stuff, then you'll go far.

Ice-cream and cream are such a dream.
If you eat too much, then you will scream.
Chocolate and cheese are part of dairy.
If you eat too much, you'll become a
fairy!

You are what you eat,
You eat what you are,
If you eat the right stuff, then you'll go far.

If you don't eat meat, then you'll be weak.
Protein to make you strong and tough.
If you want to be wealthy, then let's be
healthy!

Carrots, cucumber, mushrooms and peas
aren't very yum, but they're good for your
tum. Cabbage, lettuce, sweetcorn and
beans _____ and vitamins to make you
lean.

You are what you eat,
You eat what you are,
If you eat the right stuff, then you'll go far.

Bananas, apples, orange and pears
Build your body up for body repairs.
Eat a pear get as strong as a bear.
Healthy food gets you right in the mood!

You are what you eat,
You eat what you are,
If you eat the right stuff, then you'll go far.

FLIPPIN' ECK!

Did someone say pancakes???

INTER-HOUSE

PANCAKE RACE

Monday 5th February @ 1:30pm

Well done to all the dancers who took their exams this week. There were many taking exams for the first time. We hope you remained calm and gave it your best shot. Mrs Louw looks forward to handing out the awards and certificates in Assembly very soon.

Before ...

...After

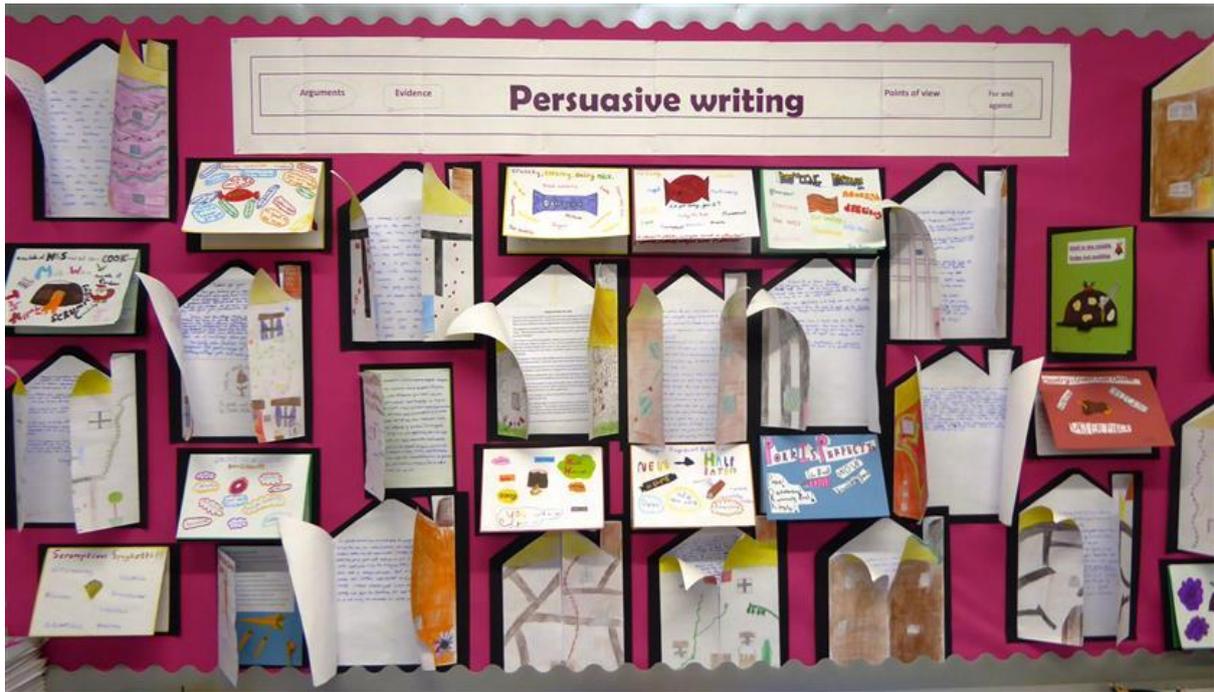

As part of its community links, the school is building its relationships with other local schools in the area and investigating where areas of cooperation and working together may lie. This week, Gary and Lindsay from the Estates Team visited St Peter's School in Tandridge to clear and renovate the Prayer Garden ahead of some further improvements. The impact is quite stunning with light flooding into the small garden. The wonderful views have been opened up to bring a sense of space.

News from the Library

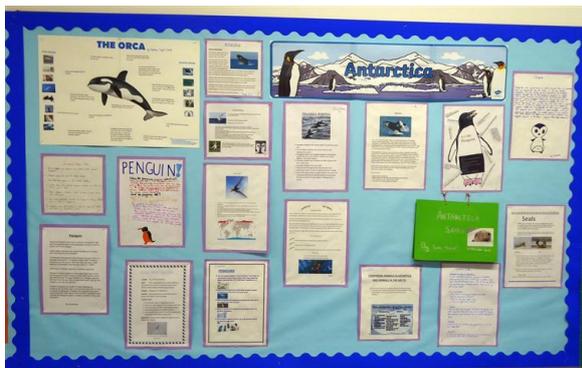

If you want to entertain your children over the half term then one thing you can do is to travel to the Southbank Centre. Why? Well from Wednesday 7 – Sunday 18 February they are hosting '*Imagine*,' their festival aimed at children. It features great writers, including Harry Hill and Jacqueline Wilson, interesting interactive singing and dancing events and a very special Roald Dahl film screening. There are dozens of events for babes in arms and toddlers, right up to the age of 12. .

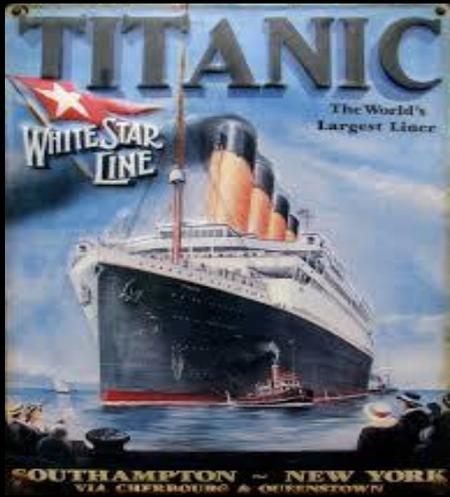

Pop to the website below to see all the activities planned:

<https://www.southbankcentre.co.uk/blog/things-do-february-half-term-london%E2%80%99s-southbank-centre>

This week the Nutshell's *classroom camera* has paid a visit to Year 5. The classes of Mrs Johnston, Mrs Cochrane and Mrs Bradshaw have clearly been enjoying their study of Antarctica and The Titanic. This has led to some wonderful creative and factual writing with the display boards filling nicely with their diaries written on board the fated ship. 5J's main display is filled with examples of *persuasive writing* with the reader being cajoled to sample some delicious sounding produce or to dig slightly deeper into those pockets to purchase a dream home. Sold to the creative writers of Year 5!

RMS TITANIC
13th April 1912

Dear diary,
I love to think the grand staircase when I stepped down it I felt like a princess the Turkish bath on my it is delightful the swimming pool is lovely with relaxing music in the background the gym is great too because they have all the ocean equipment that I tried to enjoy it and also the cabins is finished in luxury I have a little cabin deck as well as a dining room and bar it is just like I am on a cloud the children cabin and also for the Titanic the grand area is so spacious Oh I could just possibly have had the gift thing the tickets at 20 pounds I can't thank my husband enough for getting us a ticket on the ship

RMS TITANIC
11th April 1912

Dear Diary,
My arm aches from so much waving I'm a lucky passenger that has boarded onto the maiden voyage of the Titanic.
I am now sitting in my bedroom at the back of the ship. My room is beautiful it has a four post bed for me and Mr. A. The bed has soft white covers with a lovely dark blue and white striped pillow. Right below each corner spread across the wooden mahogany floor. In the corner of the room there is a writing table with a set of ink and a bottle of ink. I am sitting down to the other corner of the bedroom a writing desk with a table with a large shiny mirror on top. The set on the wall was beautiful you could see the eight small illustrations in the oil paint on every single picture. We have a lovely sea view from the room with a sofa and a bath and sink. It is a beautiful room and I really I could see my writing letter.

RMS TITANIC
11th April 1912

Dear Diary,
My arm is aching from so much waving when we were leaving Southampton the grand deck was packed full of people cheering around everywhere. Each of the kids wanted to go to different places Edward (D) wanted to go to the pool so did Eliza but Emma wanted to go to the deck because she was only 2 and had never been in the sea. So we decided to go swimming. I have never seen them move so fast Edward is used to be allowed to do what ever he wants, so when we got to the grand staircase he got ready to slide down the banister but Eliza stopped him just before he got to the top Edward split juice all down his back.

RMS TITANIC
11th April 1912

Dear Diary
I am here in Southampton waving wildly as I am standing on the deck of the vast ship of Dreams. I am very excited to see my room and all the rest. Suddenly the foghorn sounded. Me and my husband were lurched forward nearly over the side of the railings! As the Titanic set off out of the harbour there was lots of voices and shouting but they were drowned by the loud foghorn. As soon as the big ship was gliding gracefully on the waters I rushed to my room which had a golden number 7 on the big oak door. I entered the room with grace I was travelling in first class with my husband sir Thomas Aubart. My room was magnificent. It was everything I had ever hoped for and more. I can't believe I am travelling on the Titanic.
Madame Pauline (Cruce) Scott

RMS TITANIC
11 April 1912

Dear Diary,
My arm aches from so much waving I'm looking down at the humongous crowd. They were very excited. I was trying to spot my Mother and father's hand these hands would probably ache as well.
When I got on the ship of dreams I saw the grand staircase and the glow it was like a fairy tale. When I got into my first class bedroom the humongous gym just next to it started on too the side. I started taking all of my things out of my bags I had a fantastic dinner to quit all of my gormless dinner in.
At dinner we had steak and onion sauce it was splendid. Good night diary see you tomorrow

RMS TITANIC
11th April 1912

Dear Diary,
I am so excited to go aboard the ship of dreams. But I've got a headache from all the children shouting and screaming. In the morning with my husband and I am so glad I don't have a child. Then I heard the fog horn. So that was it was like to board. When they called out my name I stepped up there like a proper lady. I wore my best but it was purple with a big green feather. When I got in it'd never seen something so beautiful before. The long stair case the shadows oh it was like I was having a dream. I went in my lift and it brought me to my room. How it was amazing I could believe it it was amazing. There
Miss Edna Strands (Cruce)

RMS TITANIC
13th April 1912

Dear Diary,
Oh what a lovely morning, I had just come back from the Gym with my team mates. We're training for the NBA playoffs against the Los Angeles Lakers. My cabin is luxurious. I am super lucky to be on the ship of dreams' maiden voyage. My cabin is carpeted with fluffy rugs and antiques. I have a king-sized bed, it's perfect. You should see the size of the swimming pool! The grand staircase is decorated with carved, polished mahogany and is covered in a silky red carpet. I have already made some friends like Toby Smith and Lisa Billington. I think I even saw George the fish!
Michael J. Jordan

Welcome back Richard Jones who left Hazelwood in 1999, heading to Eton and then Oxford. He is now Head of Science at Cothill Prep in Oxford. Richard was a Music Scholar and his name is on the Honours Board. Mrs Carew-Gibbs remembered him for playing the French Horn! Mrs Powell remembered him for his magician and unicycling skills!

Richard enjoyed his day revisiting Hazelwood on Tuesday. After a tour of the school, and a trip down Memory Lane, he spent the morning with Mrs Bilbrough in the Science Labs. He was even prepared to share pictures of him from his Hazelwood years. Good to see so much of the uniform hasn't changed. Perhaps we should start a campaign to bring back the cap for our younger years?

Eco-Schools

The G20
The G20 Group of 20 is an international forum for the G7 and Central bank governors from Argentina, Australia, Brazil, Canada, China, France, Germany, India, Indonesia, Italy, Japan, South Korea, Mexico, Russia, Saudi Arabia, South Africa, Turkey, UK, US, EU.

Founded in the 1999, The G20 aims to discuss policy for the international financial stability.

In 2017 July, Germany hosted the 2017 Summit. The 2018 Summit will be in Argentina. 2019 - Japan and 2020 - South Africa.

Since it began, the recurring themes covered by the G20 Summit have remained in priority to global economic growth, international Trade and financial market regulation.

We now Communicate and Share other's Cultures through Travel and Transporting products around the world in boxes or bags. We are in a huge global economy where something that happens in one country has a knock on effects world wide.

Globalisation
Globalisation is the process by which the world is becoming increasingly interconnected as a result of massive increased trade and cultural trade.

Globalisation has been taking place for hundreds of years, but has sped up over the last few years, but has encouraged half-century.

Globalisation has resulted in:

- increased international trade,
- a company operating in more than one country
- greater dependence on the global economy
- free movement of capital goods and services
- recognition of companies such as McDonalds and Starbucks in LEPCs

Although globalisation is probably helping create more wealth in developing countries it is not helping close the gap between the world's poorest countries and wealthy world's nations. For us in 6L we would like the G20 leaders to pay close attention to this issue. It is a group looking after "Global interests" then we feel that they should consider ALL nations in the World!

Well done to 6L for their interesting and mind expanding research on the G20 Summit and Globalisation. The presentation is larger than life ensuring that the key messages and information captured within it, do not get ignored. Another fine contribution to the whole school Eco Schools Project.

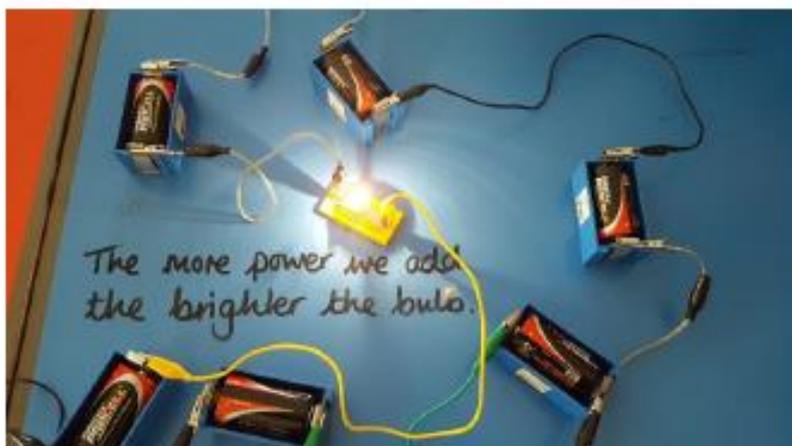

Year 2 have enjoyed their electricity investigating.

They kept on adding batteries to their circuit to test their theory.

They managed to add 6 batteries to their circuit!

The brightness of the bulb only just matches the brightness of their thinking!

The mighty U10 netball team caught on camera against Derwent Lodge on Wednesday.

News from the Kitchen

Please don't forget that the new menus for both Hazelwood School and the Nursery & Early Years are now on their respective websites under The Parents' Sections.

New initiatives

We have had a lot of great feedback on the hot teas especially from the older children, the favourite being sausage, beans & chips! Over the half term break we will be reviewing all the recently launched initiatives to see which will continue to run into the second half of the spring term. If you have any feedback, please email to bursar@hazelwoodschool.com and cateringmanager@hazelwoodschool.com Thank you.

Food by numbers

We prepare and cook per week approx. 30kg of pasta the favourite toppings being tomato sauce and grated cheese (of the new, tastier variety!) They all love Dawson's lasagne.

Did you know we do a 50/50 split using whole-wheat pasta?

Recipe of the week

Dawson's famous Lasagne – serves 6 - 8

Ingredients

- 2 tbsp olive oil
- 900g/2lb minced beef
- 2 onions, roughly chopped
- 1 carrot grated
- 4 sticks celery, diced (optional)
- 2 garlic cloves, crushed
- 2 level tbsp plain flour
- 150ml/¼ pint beef stock
- 1 tsp sugar
- 3 tbsp tomato purée
- 1 tbsp oregano
- 2 x 400g/14oz can chopped tomatoes

For the white sauce

- 50g/2oz butter
- 50g/2oz plain flour
- 750ml/1¼ pints hot milk
- 2 tsp mustard
- 50g/2oz cheddar cheese, grated
- salt and pepper

For the lasagne

- 10-12 sheets lasagne
- 75g/3oz mature cheddar cheese, grated

Method

1. Preheat the oven to 160C/325F/Gas 3.
2. For the ragu, heat a large frying pan until hot and add the oil. Cook the mince until browned all over. Remove from the heat and transfer to a plate. Add the onion, carrot, celery (if using) and garlic to the pan and cook until softened. Return the meat to the pan and stir in the flour. Add the stock and bring to the boil. Add the sugar, tomato purée and oregano, then stir well.
3. Stir in the canned tomatoes. Bring to the boil again, cover and simmer in the oven for 1-½ hours, or until the beef is tender.
4. For the white sauce, melt the butter in a saucepan. Add the flour and cook over the heat for one minute. Gradually whisk in the hot milk, whisking until thickened. Add the mustard and cheddar cheese and season well with salt and pepper.
5. For the lasagne, put one third of the meat sauce in the base of a 2.3 litre/4 pint shallow ovenproof dish. Spoon one third of the white sauce on top. Arrange one layer of lasagne sheets on top. Season. Spoon half of the remaining meat sauce on top and then half of the white sauce. Put another layer of lasagne sheets on top, then the remaining meat sauce and remaining white sauce. Sprinkle over the cheddar cheese.
6. Leave for six hours before cooking so that the pasta can start to soften.
7. Preheat the oven temperature to 200C/400F/Gas 6.
8. Cook in the middle of the oven for about 45 minutes- or until golden brown on top, bubbling around the edges and the pasta is soft.

Poise, power and precision passing very much on display as the U10 rugby squads faced Sevenoaks Prep on Wednesday. Will shows determination as it takes four of the opposing team to attempt to bring him down. Marcus is gazelle-like as he finds space to run whilst Jacob neatly receives the ball on the move with the slightest of glances to his right.

Sports Department

Match Reports should be taken to Mrs Greenwood or emailed to her on headspa@hazelwoodschool.com by Friday afternoon ahead of assembly on Monday morning. If your child is nominated as captain, please encourage them to write the report in

time for the assembly. The children do like to share their successes with the rest of the school. Thank you.

In-House Swimming Gala Report – Sharks vs Crocodiles!

Due to another school cancelling a swimming fixture scheduled for Tuesday 30th January, we decided to run an in-house gala for all U8, U9, U10 and U11 EMS swimmers. All swimmers were split into two teams – the Sharks and the Crocodiles – to battle it out! This give all swimmers a chance to compete against their team mates and many families came to support them from the poolside. The event was great fun with a healthy dose of competitive spirit! It was an extremely close gala with only 3pts in it when the results were read out! Well done to all those who took part and to the victorious Sharks!

Final Scores:

1st Sharks 149pts

2nd Crocodiles 146pts

EMS Swimmers Notice – Please Read!

Please can all parents of EMS swimmers check their emails for any squad changes after half term. The squads have to be jiggled about a bit to accommodate some new Year 2 EMS swimmers, that will be starting next term on Thursday mornings. Any Year 2 swimmer invited to attend EMS will be notified by email (via parents) and those who have not been invited on this occasion will still have more opportunities to try out for EMS. Assessment for EMS selection will be taken in their swimming lessons. **Also, please can parents ensure that EMS swimmers are not dropped off any earlier than 7.20am, as they will be unsupervised before this time.** For safety reasons, it is vital they are not left unsupervised in the boot room. Recently, there have been more swimmers arriving too early again and it is important that they are safe with a member of staff.

Enjoy a restful half term break all swimmers!

Miss Lloyd, Head of Swimming

Music Timetable

The weekly music timetable can be viewed on the Music Notice Board outside the Dining room in the courtyard. I will endeavour to have the coming week's music timetable on the notice board by the end of the school day each Friday. Please ensure that your child brings their instrument and music in on the relevant day. It is also important for them to take these books and instruments home when they do not need them in school.

Notice Board

Communication sent home this week

The following letters have been sent home this week. If you need a duplicate copy, please contact the School Office.

The Communications listed below are now available to view on the School website (not PIP), in the Parents' section under "Parent Communications":

HERBS FOR HEALING

Herbal medicine involves the use of plants for their therapeutic properties and can be useful for the following conditions:

- Anxiety and Depression
- Insomnia and Sleeping problems
- IBS
- Fatigue
- Headaches and Migraines
- Skin disorders
- Indigestion and Flatulence
- Menopausal symptoms
- Menstrual symptoms
- Joint and Muscle Pain
- Bronchial Conditions

Herbal medicine involves treating the entire individual and is used to treat the underlying cause of a medical complaint, by stimulating and strengthening the body's own healing power.
